Our latest member of the Thetford additives family

Thetford is proud to announce our latest member of the Thetford additives family: **Aqua Kem® Blue Lavender**.

NEW!

AQUA KEM® BLUE LAVENDER

A highly effective toilet fluid for the waste-holding tank, that offers the best performance for your Cassette- and portable toilet.

Aqua Kem® Blue Lavender has the powerful effect of the familiar Aqua Kem® Blue combined with the **fresh smell of lavender**.

BENEFITS

- Fresh lavender scent
- 1 dose lasts up to 5 days
- 2L = 13 doses
- Liquefies waste for easier tank emptying
- Reduces gas build-up
- Outstanding odour control
- Available in 1L and 2L bottles

Aqua Kem® Blue & Aqua Kem® Blue Sachets

AQUA KEM® BLUE

Aqua Kem® Blue is the most powerful fluid for the waste-holding tank, which offers the best performance for your cassette- and portable toilet. Thetford Aqua Kem® Blue is the no.1 toilet additive for mobile toilets worldwide!

BENEFITS

- 1 dose lasts up to 5 days
- 2L = 13 doses
- Outstanding odour control
- Liquefies waste for easier tank emptying
- Reduces gas build-up
- Available in 1L and 2L bottles

AQUA KEM® BLUE SACHETS

Convenient sachets for a fresh, easy to empty waste-holding tank. Unpleasant smells are history!

BENEFITS

- 1 dose lasts up to 5 days
- Bag = 12 doses / Can = 15 doses
- The correct dose every time
- Outstanding odour control
- Liquefies waste for easier tank emptying
- Reduces gas build-up
- Available in cans of 15 sachets and bags of 12 sachets

Aqua Kem® Green & Aqua Kem® Green Sachets

AQUA KEM® GREEN

Best performing environmentally conscious toilet fluid for an easy to empty waste-holding tank. The green toilet fluid that truly works!

BENEFITS

- 1 dose lasts up to 4 days
- 1.5L = 10 doses
- Environmentally conscious
- Liquefies waste for easier tank emptying
- Outstanding odour control by stimulated biological activity
- Septic tank safe (Test ISO 11734)
- Available in 1.5L or 375ml bottle

AQUA KEM® GREEN SACHETS

The water-soluble sachets provide maximum ease of use, as they always come in the right dose. Powerful, easy and green!

BENEFITS

- 1 dose lasts up to 4 days
- Bag = 12 doses / Can = 15 doses
- The correct dose every time
- Outstanding odour control by stimulated biological activity
- Liquefies waste for easier tank emptying
- Reduces gas build-up
- Septic tank safe (Test ISO 11734)
- Available in cans of 15 sachets and bags of 12 sachets

Aqua Rinse Plus

AQUA RINSE PLUS

A highly effective, fresh smelling fluid for the flush-water tank. It enables a more effective flush and keeps the flush water clean. Enjoy a fresh holiday with Thetford Aqua Rinse Plus!

BENEFITS

- 1.5L = 15 doses
- Helps to prevent limescale build up in the bowl
- Ensures a more effective and smoother flush
- Keeps the flush water fresh
- Pleasant lavender scent
- Safe to use on plastic and ceramic toilet bowls
- Septic tank safe (Test ISO 11734)
- Available in 1.5L and 400ml bottles

The convenience of a spray combined with the pink power of Aqua Rinse Plus!

You'd like to use Aqua Rinse Plus for a smooth and nice smelling flush, but your toilet's flush water comes out of the central water tank? We offer you the solution!

Use Aqua Rinse **SPRAY!**

Aqua Rinse Spray

AQUA RINSE SPRAY

Aqua Rinse Spray, a toilet bowl spray for toilets connected to the central water tank.

BENEFITS

- Coats the toilet bowl with a protective layer providing a smoother flush
- Saves water as fewer flushes are required
- Smells fresh long after spraying
- Prevents staining
- Septic tank safe (Test ISO 11734)
- Available in 500ml spray bottle

Toilet Bowl Cleaner

TOILET BOWL CLEANER

A cleaning agent for the inside of the toilet bowl, for an ultraclean and hygienic toilet bowl.

BENEFITS

- Removes limescale build-up
- Safe to use on plastics, ceramics and toilet seals
- Thick, concentrated formula
- Provides a clean, fresh smelling toilet bowl
- Available in 750ml bottle

Aqua Soft

AQUA SOFT

A super-soft toilet paper that **disintegrates quickly**. Prevents clogging and makes the waste-holding tank easier to empty.

BENEFITS

- Disintegrates quickly
- Facilitates emptying the waste-holding tank
- Helps to prevent waste-holding tank malfunctions or damage
- Specially developed for chemical toilets
- Nordic Swan certified
- Available in 4-roll package

Aqua Soft toilet paper

Ordinary toilet paper

Cassette Tank Cleaner

CASSETTE TANK CLEANER

A powerful fluid for periodical cleaning and maintenance. Cassette Tank Cleaner thoroughly cleans the waste-holding tank and prolongs its life span.

BENEFITS

- 1L = 3 doses
- Keeps your waste-holding tank looking like new
- Prolongs tank life
- No scrubbing required!
- Removing deposits was never so easy
- Leaves behind a pleasant, fresh scent
- For best results use at least 2-3 times a year
- Available in 1L bottle

Tank Freshener

TANK FRESHENER

Strong effective odour control fluid for the waste-water tank and its plumbing. No more unpleasant smells in your caravan or motor home with this effective fluid for daily use and maintenance of the waste-water tank and pipes.

BENEFITS

- Reduces deposits and cuts down grease content
- Stimulates trouble-free tank discharge
- For a fresh smelling waste-water tank, shower, washbasin and sink
- Available in 1.5L bottle

Bathroom Cleaner

BATHROOM CLEANER

Specially developed spray foam for easy, safe and thorough cleaning of all plastic surfaces - inside and outside of the bathroom.

BENEFITS

- Powerful active foam loosens dirt and deposits
- The ideal cleaning agent for daily use
- Leaves behind a fresh smell
- Ensures total hygiene and a brilliant shine
- Available in 500ml bottle

TIP!

Wipe the surface down with a soft, dry cloth to give it a nice, glossy finish.

Seal Lubricant

SEAL LUBRICANT

A lubricant for the periodical care, protection and lubrication of seals, locks, hinges, awning rails, bicycles, etc. Thetford Seal Lubricant has been specially developed for our toilets and is absolutely safe to use.

BENEFITS

- Protects toilet seals from drying out
- Ensures the smooth operation of Thetford toilet valve blades
- Spray on just about anything to prevent squeaking, creaking or leaking
- Safe to use on plastics and rubber
- Covers in one, light coat
- Available in 200ml spray can

Tips for storage

Cleaning

- Before storing your caravan or motor home, always clean the waste-holding tank with **Cassette Tank Cleaner**. By cleaning the tank regularly, the moving parts will keep functioning properly, resulting in longer product life. Pour 300ml Cassette Tank Cleaner in a rinsed out tank and fill it up with at least 5L lukewarm water. Shake the tank several times back and forth then set it down and leave for at least 16 hours. After emptying, your waste-holding tank will be as good as new. Allow the tank to dry by leaving the blade open.
- Driving with Cassette Tank Cleaner in the waste-holding tank will improve the cleaning performance.
- Using Thetford Cassette Tank Cleaner before you store your camper or caravan for longer periods gives you a fresh start at the beginning of a new camping/adventure season.

During storage

During storage, we recommend that you leave the toilet blade open. By leaving the blade open, you prevent the blade seal from drying out. Next to that, we advise you to unscrew the cap of the pour out spout to keep the waste-holding tank ventilated.

Maintenance

- To prevent waste-holding tank leakage, always keep the rubber seals smooth and lubricated by regularly using Thetford **Seal Lubricant**. Spray the seals and valves liberally with the Thetford Silicon Spray. Please note: unlike household silicone sprays, this spray is specially developed for Thetford toilets and plastic parts, and therefore absolutely safe to use.
- Does your toilet have its own flush-water tank? Fully rinse this out so that no more deposits are left behind. Then empty it completely before parking your camper or caravan into storage. Depending on the type of toilet you own, you can easily let it run empty. For further questions and tips, please consult your manual.
